

# bunkers 360

... simply the most complete program  
for bunker renovation and  
maintenance

Bunkers360 is an educational program designed for golf course professionals created by golf course professionals.

Unlike other external programs, Bunkers360 assembles the best and brightest minds to cover the entire range of bunker concepts.

Where other programs have promised, Bunkers360 is set-up to deliver complete training and provide the follow-up tools professionals need to get control of bunkers on their course:

- GCSAA External Educational Points**
- Complete Program Guidebooks**
- Hands-On Bunker Projects**
- Project Worksheets & Tutorials**
- PowerPoint Templates**
- Project Spreadsheets**

Built with the cooperation of Sandtrapper, Bunkers360 delivers the right training format which augments the Chapter's education efforts and delivers results to all that attend.

### **PROGRAM FORMAT**

The Bunkers360 program is centered on effective training, driven by industry professionals with the right bunker renovation and maintenance knowledge. The program will vary slightly from event to event, but will deliver the following key components:

- Bunker Design and The Master Plan**
- Drainage Systems & Water Flow**
- Project Planning, Bidding & Cost Estimating**
- Bunker Sands & Selection**
- Presenting Your Project**
- Project Management**
- Maintenance Techniques**

Bunkers360 will gather accredited architects, builders, agronomists, and other professionals and package this training into a compact 4-hour program. All attendees will have access to GCSAA Educational Points after completion and will be provided a range of valuable assets collected into a “Bunker Toolkit”.

### **CHAPTER BENEFITS**

Local and State GCSAA Chapters will benefit by this program in several ways. First and foremost, the Bunkers360 program is presented by Sandtrapper, a GCSAA Silver Partner company dedicated to the growth and sustainability of the profession. Second, the sponsors’ local chapter involvement delivers tangible support in the form of sponsor fees, Chapter event savings, and professional tools.

### **GCSAA EXTERNAL EDUCATION**

Bunkers360 is an approved education provider. The educational format as been acknowledged by the GCSAA and is supported through a range of organizational assets.
